

# Sea Stairs—

- Self-leveling treads provide safe, convenient yacht boarding.
- Attaches conveniently with pin mount or flush mount brackets. The same brackets accommodate our *Sea Ladders* and other boarding equipment.
- Stainless steel casters with urethane wheels for exceptional wear and corrosion resistance.
- Stair treads available in white, gray or black non-skid tape, traditional seamed teak, or Marinedeck composite decking surface.
- Yacht name may be added as an option on Marinedeck tread surface models.
- All stairs include one straight stanchion handrail and two pairs of mounting brackets.
- Easily equipped with an additional handrail for secure hand-hold on both sides while boarding.
- Optional offset stanchions provide additional room when using two handrails.
- Two-section take-apart models are available if additional steps are occasionally needed.
- Optional angle or swivel mounting platforms for use on narrow finger piers and crowded docks.
- Custom widths, lengths, and special application stairs to suit your specific boarding requirements.

## Operational Height, Stowed Weight and Dimensions<sup>†</sup>—

Stair Length:	Maximum Height: (gate to dock, high tide)	Weight: <sup>†</sup> (19" nonskid)	Stowed Thickness:	Stowed Length:	Stair Width:
5 Steps	to 39" (99 CM)	35 LBS (16 KG)	2" (5 CM)	54-1/2" (139 CM)	Standard widths are 19" (48 CM) wide steps measuring 21-3/4" (56 CM) wide overall, or 24" (61 CM) wide steps measuring 26-3/4" (68 CM) wide overall.
6 Steps	to 48" (122 CM)	40 LBS (18 KG)	2" (5 CM)	66" (168 CM)	
7 Steps	to 56" (142 CM)	45 LBS (21 KG)	2" (5 CM)	75-1/2" (192 CM)	
8 Steps	to 65" (165 CM)	57 LBS (26 KG)	4" (10 CM)	86-1/2" (220 CM)	
9 Steps	to 73" (185 CM)	63 LBS (29 KG)	4" (10 CM)	97" (246 CM)	
10 Steps	to 81" (206 CM)	69 LBS (31 KG)	4" (10 CM)	108-1/2" (276 CM)	
11 Steps	to 90" (229 CM)	75 LBS (34 KG)	4" (10 CM)	119" (303 CM)	
12 Steps	to 98" (249 CM)	100 LBS (45 KG)	6" (15 CM)	129-3/4" (330 CM)	

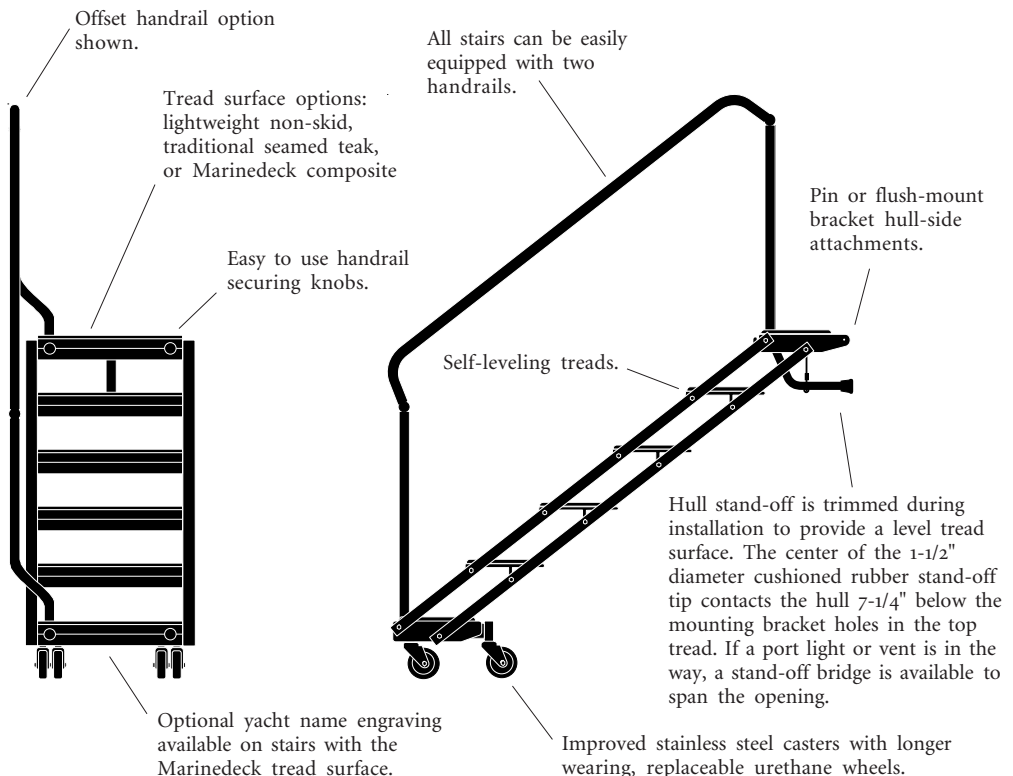

<sup>†</sup>Note: All measurements are approximate. Stowed weight excludes casters and handrails. Casters add 6 lbs. Basic handrail adds ~3 lbs. Marinedeck adds ~1 lb per step. Teak surface adds ~1-1/2 lb per step. 24" wide adds ~1 lb per step (basic tread).

## Teak or Marinedeck treads —

Elegant teak and Marinedeck tread *Sea-Stairs* include a teak capped handrail. We also offer a similar handrail capped with white starboard, popular on nonskid surfaced stairs.

## Some of many available options—

- Secure stowage kits for stowage along railing, bulwark, or cabin top, in engine room or lazarette.
- A second handrail, one for each side.
- An upgraded white *Starboard* or teak capped handrail.
- A weathercloth cover to protect the stair while stowed.
- Your yacht's name engraved in one of the Marinedeck treads.
- Stand-off extensions to provide a level tread surface at two different mounting locations along the hull.
- Two-section models provide two usable stair lengths without the need for two complete sets of stairs. Popular for limited stowage and use at floating vs. fixed docks.
- Angle and swivel platforms to vary the approach angle to the boat and facilitate boarding from narrow piers.
